

ACCESSING ICCA

ICIP update to new version ICCA. To access the terminal server it takes network codes ... the application requires access and verify codes (CPRS, VISTA codes)

Can be accessed under VA quick links.

The screenshot shows the VA Intranet interface. At the top, there is a navigation bar with the following links: [VA Intranet Home](#), [About VA](#), [Organizations](#), [Locations](#), and [Employee Resources](#). Below this, the page is titled "WASHINGTON DC VA MEDICAL CENTER". A sidebar on the left contains a list of categories, with "VA Quick Links" selected. The main content area is titled "VA Quick Links" and contains a list of links. A red arrow points to the "ICCA" link at the bottom of the list.

| VA Quick Links |

Use your smartcard or network (computer) log-ins to access.

When warning messages appear, CHECK "Don't ask me again...." and then click **Yes**. Note you may see this message multiple times; each time it's seen, just click **Yes**.

When the VA security screen appears, click **OK**

Login with your CPRS access/verify codes which will be the normal login.
